Subject: Re: Dr. Burke Questions from S EPW - ORD Assistance

John - thanks for looking at these so quickly. I'll check in with David this morning to see if this is the type of response he had in mind. It's hard to tell, but he emphasized short and publicly available information, which doesn't give you a lot to go on. I'll let you know what he says.

Kacee,
Great job jumping right on this set of questions .
Given the guidance, it seems little can be said for most responses.
I think we need a quick look by David P or others in OCIR as to the extent they want the responses to be so limited as this.
I made a few edits; if we are instructed to add more I'll help asap.
Thanks ,
John

Attached are the QFRs from Tom Burke's SEPW confirmation hearing that NCEA is responsible for – with draft responses that I developed. We were told that our responses should be short and general and should rely on publicly available information. Because of that, you may find some of the responses unsatisfying. I welcome your suggestions for alternative ways to answer the questions within the constraints we were given.

I am limiting the distribution list so we can quickly wrap these up. They are due COB Friday. If you think we should get input from others, please let me know, and I'll add them to the distribution.

Thanks!

Hello everyone,

OCIR and Dr. Thomas Burke are answering about 20 of these questions – but OCIR has requested that ORD draft short, concise responses for the questions attached (about 30).
